M MARINI
DRTAN LM Architect

The interior of M Marini maintains the meticulous execution of lavish marble and granite, sumptuous domes and ornate cast iron in an open layout, fusing dining and bar,

FINE DINING
WITHIN A LUSH
AMBIENCE
THAT SATISFIES
BOTH THE
PALATE AND
THE VISUALLY
PALATABLE

Set within the enclave of couture brands at the Concourse Level of Suria KLCC, M Marini is part of Modesto Marini's chain of F&B endeavours in Kuala Lumpur since the inception of Marini's 57. Designed by DRTAN LM Architect, M Marini exudes a contemporary Italian-inspired ambience anchored by a minimalist backdrop accented by classical furnishing with opulent upholstery, marble finishes and unexpected optical punctuations.

THE ALLEGORY OF MODERN CLEAN LINES WITH ECLECTIC MEASURES OF BAROQUE AND CLASSICAL HINTS IS FURTHER ENHANCED BY ICONIC ART REPLICAS AND WHIMSICAL SCULPTURAL PIECES. ”

The dark palette of the background surfaces juxtaposes against off-white furniture and sleek white marble, softening the otherwise masculine foundation.
