

**International Invitational Exhibition
100 Architects of the year 2015
2015 올해의 건축가 100인 국제전**

In a stream of global architecture, to make a base of Korean architecture through a wider global interchange, Korean Institute of Architects(KIA) hold "100 Architects of the year 2015" by expanding the invitational exhibition of the existing traditional Korean national architectural festival. This is a certificated international exhibition by UIA first time.

It will be a place where you can see the architectural philosophy of architects around the world in the contemporary architecture trend and through this, architectural culture will be shared with the public.

The celebrated architect selected to participate in the "100 architects of the year 2015", thanks to good project participate

We will prepare for the remaining period of the exhibition, we hope to meet in the exhibition.
