VISUALLY PALATABLE

The perfect contrast between minimalist white and deep black hues always create a charming, stylish effect as well as providing the space a strong visual impact and a sense of urbanity.

Branded as an upscale Italian cafe, M Marini oozes a minimalist yet classic and luxurious Italianate ambience. Setting the mood of the cafe, the meticulous execution of lavish marble and granite finishes, majestic leather seats and fine art pieces accent the dark backdrop, perfectly portraying the luxury minimalist style, which resulted from the fusion between classic Italian style and urban style.

SUMPTUOUSLY ILLUMINATED

Black marquina marble wall enclosed the cafe, giving a sense of nobility to the space, while the underwall lights subtly illuminate the cafe, transforming it into a precious, shining jewel within the mall. On the other hand, off-white marble dining tables and upholstered seating are also used to offset the dark palette of the background and soften the otherwise masculine setting.

设计将利用黑色大理石作为餐厅的围边，给人一种气质十足的踏实感。而其边缘则以暖光灯加以点缀，让餐厅仿佛一颗闪耀的珠宝一样，在商场内发光发热。另外，设计师选用了白色大理石桌面和白色皮革作为座椅面料，与周围的灰色环境形成强烈的对比，也软化了大环境的阳刚性。

ARTISITIC ATTENTION

In addition to colour scheme and materials, fine art pieces also captured the attention of the designer. Classical and baroque style iconic art replicas such as the famed David by Michelangelo, painting of Venice's Grand Canal and the cheeky Horse Lamp by Mosai are used to inject a timeless yet contemporary ambience to the cafe.

除了讲究色彩和建材的搭配以外，设计师也不忘餐厅的艺术元素。设计师为餐厅选择了经典和巴洛克风格的艺术摆件，如世界著名的大卫像、威尼斯大运河艺术画像及Mosai的斑马落地灯，为这崭新上流典雅前卫的咖啡馆氛围。
